UNDERTAKING

I would like to register as an exhibitor at the SOLUTRANS MÉDITERRANÉE 2011 show. I confirm I have seen the exhibition regulations and have a copy in my possession, and wholly and unreservedly accept all clauses and declare that I waive my right to any recourse against the organiser. I solemnly swear that I have taken out all the insurances necessary to cover public liability and liability for everyone participating directly or indirectly in my business activities for all personal injury, material damage and consequential damage caused to third parties during my participation at SOLUTRANS MEDITERRANEE.

Terms and Conditions

Any order for promotional tools implies the applicant's full and unreserved adherence to these Terms and Conditions of Sale. Submitting this order form confirms your adherence and constitutes your legal and financial undertaking as Exhibitor. Bookings for advertising spots shall be honoured on a first come first serve basis and are subject to availability. They shall only be confirmed after receipt of the specified deposit.

Surname and title of signatory (in block letters) _____

Date: _____ **Place :** _____

COMPANY SEAL AND SIGNATURE

(you **MUST** precede this with the French wording "Bon pour accord" [approved]).

SHOW REGULATIONS

1. ACCEPTANCE OF THE TERMS AND CONDITIONS TO HIRE EXHIBITION SPACE AND STAND FITTING

These Terms and Conditions apply to all exhibitors (hereinafter referred to as "Exhibitor(s)") requesting admission to the SOLUTRANS MEDITERRANEE Show (hereinafter referred to as the "Show", organised by PROMOSALONS through its subsidiary PROMOSALONS MAROC (37 rue de Normandie, 20100 Casablanca, Morocco), hereinafter referred to as "Organiser" on behalf of the FFC (French Bodywork Federation). Consequently, any admission to the Show implies the applicant's full and unreserved adherence to these Terms and Conditions of Sale. Any modification or qualification of these terms by the Exhibitor, howsoever made, shall be considered null and void.

2. ADMISSION

Exhibition registrations are carefully assessed. Such assessment includes a credit check on the applicant, the compatibility of its business with the categories in the Show and the neutrality of the message which the applicant may convey at the Show. If an application is refused, the Organiser shall notify the applicant or the applicant's company. Admission is confirmed by official notification from the Organiser or by the issuing of an invoice showing the site, number and size of the stand.

Unless the Organiser refuses entry to the Exhibitor, the latter's signature on the Exhibition application or its online validation constitutes a firm and irrevocable commitment.

Rejection of an application cannot give rise to payment of damages. The Organiser reserves the right not to process exhibition applications submitted after the specified deadline for registration (as shown by the postmark). After that date, the Organiser cannot guarantee the proposed stand fittings will be available.

3. FIRST PAYMENT

The initial payment of an amount specified on the price list must be sent to the Organiser with the Exhibitor's application. An invoice corresponding to this initial payment shall be sent to the Exhibitor on receipt of this payment. This amount shall be refunded if the applicant is not admitted as an Exhibitor. Otherwise, the Organiser shall retain this amount for any damages and interest if the applicant withdraws its entry application or cancels its attendance and part of this amount shall be retained as lump sum damages by the Organiser if the applicant cancels part of its attendance (in this case, the Organiser shall retain the amount corresponding to the part of the payment covering the cancellation as damages).

4. PAYMENT METHODS

Exhibitor fees must be paid according to the schedule and terms listed below:

- the first payment: with the entry application, by cheque or bank transfer.
- the second payment: at the latest two weeks after the date of issue of the invoice for the balance and payable by cheque or bank transfer with no deduction for early or cash payments.

Any order submitted less than thirty (30) days before the Show must be accompanied by the full amount payable for attendance and Exhibitor fees.

Any order for stand fitting submitted after the Exhibitor has registered must be paid in full at the time of ordering.

5. LATE OR MISSED PAYMENTS

Failure to pay any sums by the due date indicated on the invoices, whether or not that date matches the date stipulated on the Entry Form, shall result in the application of penalties equal to three times the current interest rate, with effect from the day after the due date shown on the invoice. The stands shall only be made available to the Exhibitors after the balance has been paid.

After the stand has been allocated, the outstanding balance must be paid at the latest by the deadline shown on the invoice.

If the balance is not paid by the due date, the Organiser reserves the right to dispose of the space allocated and/or shall be entitled to prevent the Exhibitor from occupying the reserved site, and the total amount of the invoice shall be payable to the Organiser for damages.

6. WITHDRAWAL

Any cancellation on the part of the Exhibitor must be notified to the Organiser in writing.

If the Exhibitor cancels its attendance at the Show and/ or its order for a fitted stand in part or in full, for whatever reason, before 15 April 2011, it must pay the Organiser compensation equal to the amount of the first payment as defined in article 3 of these Terms and Conditions.

If the Exhibitor cancels its attendance at the Show and/ or its order for a fitted stand in part or in full, for whatever reason, after 15 April 2011, any sums paid and/ or partly or wholly outstanding for stand hire and/ or an order for a fitted stand and/ or the invoice for the balance are payable to the Organiser even if the stand is hired out to another exhibitor.

In addition, if an exhibitor for whatever reason fails to occupy its stand twenty-four (24) hours prior to the start of the show, the Organiser may consider that the Exhibitor has cancelled its attendance at the Show and the terms specified above shall apply.

7. AUTOMATIC INSURANCE

The Organiser takes out an insurance contract with a reputable insurance company on behalf of exhibitors: the main clauses and terms (cover, compensation ceiling and exclusions etc) are shown in the "Exhibitor Manual" which is sent out to all Exhibitors.

a) Automatic insurance

The Organiser takes out insurance contracts on behalf of exhibitors automatically covering damage to goods up to a value of DH2000.00 per sqm of stand. The Exhibitor is invited to take out additional insurance for further cover with its insurer or with the Organiser's insurer. A breakdown of the terms of cover is shown in the Exhibitor Manual.

b) Additional insurance

On application to the Organiser, the Exhibitor may take out:

- For damage to goods: additional cover beyond the sums specified by the main cover against payment of a premium calculated on the basis of the extra value.
- Specific insurance for plasma screens.

c) This insurance does not cover the Exhibitor's public liability, which the Exhibitor must provide.

Accordingly, the Exhibitor acknowledges that it has taken out with an insurance company all the insurances necessary to cover its public liability and liability for everyone participating directly or indirectly in the performance of its business for all personal injury, material damage and consequential damage caused to third parties during its participation or that of its company at the Show (including during build-up and breakdown times).

d) Waiver of recourse

By their attendance, all exhibitors automatically declare they waive any recourse which they or their insurers may be entitled to bring against the Organiser, the company operating the site where the event is taking place and their insurers for any direct or consequential damage which the latter may cause to their property and any of their agents.

8. ALLOCATION OF SITES

The Organiser draws up the Show plan and allocates the stand sites, taking account of the configuration of the exhibition spaces and the registrations received.

As far as possible the Organiser takes into account the wishes of the exhibitors and the nature of the goods being exhibited. To do this, bearing in mind the constraints imposed by accommodating all Exhibitors, the Organiser reserves the right to modify the space requested by an Exhibitor by up to 20% which will be shown in the resulting invoice, however the Exhibitor will not be able to cancel its participation because of such modification. Stand location is entirely the decision of the Organiser.

Any complaints relating to the site allocated to the Exhibitor must be submitted in writing to the Organiser within seven (7) days following dispatch of the allocation plan. Such complaints must be supported by evidence proving there are real and justified reasons behind them.

The Organiser shall do its utmost to respond to any justified requests for stand relocation. Seven (7) days after dispatch of the site proposal, it shall be deemed that the Exhibitor accepts the site allocated. In no case shall the Organiser be liable for any consequences deriving from the site which has been allocated to the Exhibitor.

9. SUB-LETTING/ CO-EXHIBITING

The Exhibitor may not use any form of advertising for a company which is not exhibiting. There must be no transferring or sub-letting of any part of the allocated site. If several companies wish to be present on a single stand, they must seek prior written authorisation from the Organiser. If the Organiser agrees, each company present on the stand must pay its own registration fees, including the automatic insurance fees, and must complete the relevant form.

10. STAND

a) Stand layout

• Product displays must be restricted to the confines of the stand, so that they do not encroach upon the aisles and never inconvenience neighbouring Exhibitors. Failure to comply will entitle the Organiser to arrange for the products and materials to be removed at the Exhibitor's expense.

• Exhibitors must create settings for the products being exhibited and must pay special attention to the overall appearance of their stand.

• The materials and products must be displayed attractively.

• Stalls are prohibited throughout.

• The Exhibitor must not exceed the maximum heights for stands and signs as stipulated by The Organiser (see details in the Exhibitor Manual) unless it has the prior written agreement of the Organiser; no part of the stand decor may exceed these heights. Failure to comply with this requirement may lead to the stand being immediately disassembled at the Exhibitor's expense. For island stands, the Exhibitor must seek the prior written agreement of the Organiser before adding extra partitioning. A plan showing the layout of the stand and the location of materials must be submitted for prior approval by the Organiser within the timeframe indicated by the latter.

Remember that all Exhibitors must have their plans approved by the Organiser, either directly or via an external service provider chosen by the Organiser on a case-by-case basis.

b) Using the stand

The Exhibitor undertakes not to disturb neighbouring Exhibitors (noises, smells etc) or to do anything which may affect the Show's operation.

c) Stand build-up

Shell stands :

Exhibitors may take possession of their site after 09:00 on 12/06/2011,

Fitted stands :

Exhibitors may take possession of their site after 09:00 on 14/06/11.

They must all have finished their installation work by 20:00 on 14/06/2011, the day before the Show opens.

After 08:00 on 14/06/2011, the day before the Show opens, vehicles are banned from accessing the exhibition centre. This is important for the Show as it enables the final installation work to be completed.

d) Stand breakdown

Stand breakdown begins at 16:00 on 18/06/2011. All stands, decorative elements, materials and goods must be removed by 18:00 on 19/06/2011 at the latest.

After this time, the Organiser is at liberty to take all steps which it considers necessary to clear any remaining materials and goods and to destroy any structures and decorative elements which have not been dismantled, regardless of their nature. Such steps shall not incur any liability on the part of the Organiser and shall be at the costs, risks and perils of the Exhibitor concerned.

The Exhibitor undertakes to continue commercial activity on its stand until such time as the Show is closed to the public. Therefore no part of the stand contents may be cleared and no goods on display may be packed up.

SHOW REGULATIONS

e) Wear and tear

The hired site and/ or the equipment supplied as part of the stand package must be returned in their original state. Any damage to the building or occupied floor area which is caused by the installations, goods or equipment belonging to the Exhibitor shall be invoiced to the Exhibitor.

11. PRODUCTS, MAKES AND SERVICES ALLOWED

The Exhibitor may only display on its stand authorised products, makes and services as listed on its registration form.

Accordingly, Exhibitors certify that the products or services exhibited comply with the safety standards imposed by current regulations and assume full responsibility for any defects in these products or services, and shall hold the Organiser harmless in this regard.

12. INVITATION CARDS

Invitation cards must not be reproduced or sold, or legal action and sanctions may be sought. Accordingly, the Organiser reserves the right to destroy any invitation cards which it discovers to have been fraudulently used (sold, reproduced, stolen etc).

13. DEMONSTRATIONS – EVENTS

a) Demonstrations

Demonstrations are only allowed for products requiring particular technical explanation. In these cases, such demonstrations require special authorisation, in advance and in writing. Demonstrations on a platform above the original floor position are prohibited. Demonstrations using a microphone or any form of touting for business or hard-selling are strictly prohibited. Any complete or partial stand closure during the times when the Show is open to the public and particularly during any demonstrations, is prohibited without the prior written authorisation of the Organiser.

b) Events

Any attraction, spectacle or event within the stand area must be authorised in advance by the Organiser. Accordingly, the Exhibitor must submit a detailed proposal (equipment and sound system to be used, type of event etc).

In all cases, the speaker output must not exceed 30 decibels (dBA); they must be facing into the stand and angled towards the ground. The sound volume must not exceed 80 decibels (dBA).

c) Demonstrations and events must under no circumstances inconvenience neighbouring Exhibitors or hinder access within the Show or the smooth operation of the Show; failure to comply may lead to approval being withdrawn with no prior notice.

14. ADVERTISING

Any illuminated or audible advertising must adhere to the Show's rules on presentation and must have the prior written approval of the Organiser. This approval shall remain conditional upon the advertising not being a nuisance to neighbouring Exhibitors or hinder access within the Show or in general the smooth operation of the Show; failure to comply may lead to approval being withdrawn with no prior notice.

The distribution of brochures, coupons and printed matter and any promotional items seeking to attract visitors at the Salon is strictly prohibited in the aisles and within the Exhibition Area. Brochures, coupons and any sort of printed matter must be confined to the Exhibitor's stand.

Any document given to stand visitors, such as a business card, order form etc, must show the stand sign or the Exhibitor's company name as it appears on the registration form.

15. COPYRIGHT

The Exhibitor shall remain personally responsible for the intellectual and/or industrial protection of the materials, products, services and makes which it exhibits, subject to the legal and statutory provisions in force; the Organiser shall be held harmless in this regard, especially if there is any dispute with another Exhibitor or visitor.

If any copyright infringement is duly confirmed by legal decision regardless of its date, the Organiser may demand the Exhibitor to comply with the decision. Failure to comply may mean the Organiser reserves the right not to admit the Exhibitor or to apply the sanctions foreseen herein and the Exhibitor shall not be entitled to any damages whatsoever.

16. PRICE DISPLAYS

Product prices must be displayed in compliance with current legislation and must be clearly shown so that the public are properly informed. Any announcement of a price reduction (money off, discount or money back) shown by labelling, marking or notice must comply with current legal and statutory consumer regulations on advertising prices, and must only be presented as small notices arranged on the stands. The maximum size for these notices is 30 cm x 20 cm.

17. REMOVING ITEMS SOLD ON THE PREMISES

Removing items sold on the premises is not allowed within the Exhibition Area. Such sales are strictly prohibited for all goods entering Moroccan territory on temporary import schemes.

18. PHOTOGRAPHY/ BRAND RIGHTS

The Exhibitor expressly authorises the Organiser to do the following, free of charge :

- if it wishes, to take photographs and/ or films showing the Exhibitor and team members along with the products exhibited on its stand.
 - to freely use these images in all media, especially advertising media (including the internet), in Morocco or abroad, for a period of five years with effect from signature of this registration form.
 - to mention and freely reproduce its make, brand or company name as a commercial reference for the purposes of communication in all media, especially advertising media (including the internet), in Morocco or abroad, for a period of five years with effect from signature of this registration form.
- Any Exhibitor not wishing to have all or part of its stand or any item displayed there (logo, make, brand, model etc) appearing on films and/ or photographs and/ or the internet media used to promote the Show must notify the Organiser in writing prior to Show Opening. Similarly, any Exhibitor who wishes to take photographs of the Show must write to notify the Organiser in advance. In this regard, Exhibitors shall be personally responsible for obtaining the necessary permits for photography during the Show and shall be solely liable with regard to the image rights which each Exhibitor holds.

19. CATALOGUE

Only the Organiser is entitled to publish or to arrange for publication and distribution of the Show catalogue. The information required to compile the catalogue shall be provided by the Exhibitors under their responsibility. Under no circumstances shall the Organiser be responsible for any omissions, reprographic errors, errors in composition or any others which may occur.

20. REGULATIONS

Exhibitors are required to read and comply with all rules in effect at the time of the event, as issued by the public authorities or by the Organiser, especially Fire and Safety and Health & Safety regulations.

Fire and Safety and Health and Safety regulations shall be communicated to Exhibitors in the Exhibitor Manual.

The Organiser shall prohibit stands which do not comply with these regulations.

21. EXHIBITOR MANUAL

All information concerning details of the Exhibitor's attendance at the Show are provided in the "Exhibitor Manual" sent to each participant on stand allocation. The Exhibitor also undertakes to adhere to the conditions for insurance, and the statutory health and safety measures, customs formalities etc, plus any instructions on stand layout.

22. CUSTOMS

Each Exhibitor must complete any customs formalities for equipment and products being brought into the country from abroad.

The Organiser cannot be held responsible for any problems which may occur during these formalities.

The Exhibitor holds the Organiser harmless from any recourse in this regard and shall compensate the Organiser for any damages resulting from its failure to adhere to the requisite customs formalities.

In order to facilitate customs clearance formalities, the Organiser is to provide Exhibitors with the details of a transport company to handle all transport and delivery procedures to the Show venue.

23. CANCELLATION OF THE SHOW

In a case of force majeure as defined by the law, if it becomes impossible for the Organiser to make available the necessary premises in order to hold or organise the Show, the Organiser reserves the right to cancel the Show at any time, informing the Exhibitors in writing. In this case Exhibitors shall not be entitled to any compensation or recompense for such cancellation.

Any sums remaining after the payment of any agreed expenditure shall be distributed to the Exhibitors according to the amount they paid, but it is expressly agreed that they may not have recourse against the Organiser under any circumstances.

24. LIABILITIES OF THE ORGANISER

The Organiser is exempt from any liability concerning damages which may be suffered by the Exhibitors (including problems with access and any commercial losses) for whatever reason.

25. COMPLAINTS AND CLAIMS

All claims must be sent by recorded delivery with acknowledgement of receipt within ten days of the Show's closure.

26. SANCTIONS

In the case of infringement of these terms and conditions and/ or a specific regulation, the Organiser may after due notification and in the presence of a bailiff, proceed immediately with closing the stand and may prevent the Exhibitor from accessing it: the Exhibitor shall be unable to claim any financial or material damages from the Organiser.

Any costs incurred by such intervention by the Organiser (bailiff's fees and fees relating to the closure) shall be the responsibility of the Exhibitor.

In any event, as soon as an infringement has been recorded, the Organiser shall be entitled to cancel this contract without prejudice to any damages which may be claimed from the Exhibitor.
